

# BROADSPRED

## ORGANOSILICONE SURFACTANT

### GENERAL INFORMATION

BROADSPRED is a high quality non-ionic organosilicone surfactant. It is a superior wetting agent and penetrator designed for use with most pesticides. BROADSPRED will enhance the spreading and penetration of pesticide sprays when properly applied, especially on leafy vegetables and other crops with heavy foliage. It is recommended that the applicator first conduct a trial under similar crop and environmental conditions to determine the optimum rate.

### DIRECTIONS FOR USE:

To prevent foam, the addition of FOAMSTOP, an anti-foaming agent, is suggested before BROADSPRED is added to the spray water. Spray thoroughly, avoiding excess runoff of the spray solution.

Rates: Use 2 to 12 ounces per 100 gallons or per acre in spray solution. Use the lower rates in applications where low water rates are used.

Note: The above rates are considered to be adequate for most uses. Some herbicides may require higher rates for optimum uses. Follow the herbicide label directions when this occurs. However, do not add this product at a rate that exceeds 5% of the finished spray volume.

P.O. BOX 26109, FRESNO, CA 93729

### PRINCIPAL FUNCTIONING AGENTS

Alcohol Ethoxylate, Polysiloxane Polyether Copolymer.....	99.0%
Constituents Ineffective as a Spray Adjuvant.....	1.0%
<b>TOTAL</b>	<b>100.0%</b>

All ingredients are exempt from tolerance levels in CFR 180.910.

### PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear long sleeved shirt and long pants, impermeable or chemical resistant gloves, protective eye wear (goggles or face shield), and shoes plus socks. Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. User should wash hands before eating, drinking, chewing gum, using tobacco or using toilet. Remove clothing immediately if pesticide gets inside. Wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Keep in original container. Store in cool, dry place. Protect from excessive heat. Do not store below 4°C as product will freeze. Keep locked up and away from children. Do not reuse empty container. Triple rinse during mixing and loading and add rinse water to spray tank. Offer decontaminated containers for recycling or reconditioning, or puncture and dispose of in sanitary landfill.

### CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. Weather, crop conditions, timing and methods of applications, mixture with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith.

**KEEP OUT OF REACH OF  
CHILDREN**

**DANGER**

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS & DOMESTIC ANIMALS

**WARNING:** Harmful if swallowed. Causes serious eye damage. Toxic to aquatic life. Wash hands, forearms and other exposed areas thoroughly after handling. Wear protective gloves, protective clothing, and eye or face protection. Harmful if in contact with skin. Take off contaminated clothing and wash before reuse.

#### FIRST AID:

**IF IN EYES:** Immediately flush eyes with plenty of water, lifting the eyelids and rinse for 15-20 minutes. Remove contact lenses, if present, then continue rinsing. Immediately call Poison Control Center or doctor for advice.  
**IF ON SKIN OR HAIR:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 10-15 minutes. Call doctor or Poison Control Center if irritation develops or persists or if you feel unwell. Wash contaminated clothing before reuse.

**IF INHALED:** Move person to fresh air and keep at rest in a position comfortable for breathing if they feel unwell. If person is not breathing, call 911 or an ambulance, then give artificial respiration, mouth to mouth if possible. Call poison control center or doctor for treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Rinse Mouth. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.
